5. Proposed OS Move

In a continuing effort to more efficiently utilize Headquarters office space, the DDCT is considering moving the Office of Security (with the exception of the Community Security Group and Headquarters Security Branch) to the Building. would be contingent on locating new office space for OD&E components currently occupying the This proposal is based on the long-neld belief that almost all components of the Office of Security must accompany Security Records Division in any relocation. Although the DDCI's proposal is not absolutely firm (certain considerations regarding SRD and Polygraph Branch space and office reconfiguration must be addressed), it appears that this move is very probable. Under current planning, the move would not occur for approximately $1 \frac{1}{2} - 2$ years. (C)

6. Mid-Career Course

Mr. Gambino addressed the Mid-Career Course at the
on 29 March 1979. Much
discussion centered around personnel management
planning programs in the various directorates. He
expressed great pride in the Office of Security's
personnel management planning procedures and, while
continued improvement is needed, Mr. Gambino felt
that the Office of Security is "out front" and sets
an example for the personnel management programs of
other Agency directorates. (U)
